* Charges for parts may vary depending on quality of the part. Charges for used parts may be more or less than listed on this table. If parts have a specific price listed on them, it will trump price on table.
Charges for service may vary based on condition of bicycle and time required.
Phoenix Bikes can order new parts if requested by a customer. Customers may bring in their own replacement parts to be installed by Phoenix Staff; Customer will be charged for service only.
Used parts are not inventoried. Staff and volunteers will assist customers in searching and assessing used parts when available.
* Phoenix Bikes mission is to make bikes and bike maintenance affordable for every community member.
